

HAPPY

Text & Musik: Göran Norberg

rev. A

Damer:

(vers 1)

Wake up with the weight of yesterday
I think you and me can choose another way
There's a window open, letting in the light
Maybe small steps still can change a day like mine

(stick)

We don't need a perfect plan
Just a moment we can hold
Turning little sparks we find
Into something warm

(refräng)

You can do things that make you happy
Things that make us happy
Even if the world feels heavy
There's a way to start again
Things that make you happy
Things that make us happy
Try to find it and make it happen
Let the good in, every day

(brygga)

Try to find it - make it happen
Let the good out, every day
Try to find it - make it happen
Let the good out, every day

(vers 2)

Turn the music up inside your room
Let it chase away the quiet and the gloom
Call a friend you haven't talked to in a while
Look in mirror and remember how to smile

(stick)

We don't need a perfect plan
Just a moment

(refräng)

You can do things that make you happy
Things

(vamp)

S: We can make it happen, you can make it happen

A: Do things that make us happy,
do things that make you happy

S: I can make it happen -- every day

A: Do things that make me happy -- every day

(ending)

I am so excited, I just can't hide it
I'm about to lose control and I think I like it
I'm so excited, and I just can't hide it
And I know, I know, I know, I know,
I know I want you, I want you
